A MESSAGE FROM PRESIDENT HURLEY

Dear UMW Graduates:

It gives me great pleasure to congratulate you for the remarkable achievement that we celebrate today. You have met the challenge of rigorous and stimulating coursework, experienced one-on-one interaction with exceptional faculty members, and engaged in cutting-edge research or innovative project development. Among the outstanding graduates today are debate champions, emerging scientists, exemplary educators, talented actors and musicians, All-American athletes, and future leaders of business and industry. You have distinguished yourselves as people of honor and integrity, as globally connected citizens, and as individuals committed to helping others.

The bond shared by all gathered here is unique – the University of Mary Washington experience. It is the sum total of the lessons you have learned here and the relationships you have forged with faculty and fellow students alike. This experience gives you an edge that will serve you well for the rest of your lives. As proud graduates of UMW, you will find that you are prepared for meaningful careers and for lives of significance.

It has been a true honor to serve as President of this great University for the past six years. Although I will be graduating into retirement as your class leaves Mary Washington, I hope to see you again at your class reunions. The students I have come to know here at UMW will always remain special in my heart. I wish you every success in your future endeavors.

Sincerely,

A handwritten signature in cursive script, reading "Richard V. Hurley".

A MESSAGE FROM THE PROVOST JONATHAN LEVIN

Dear UMW Graduates:

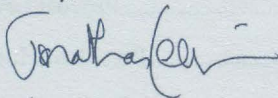

It is with great pleasure that I offer congratulations to the University of Mary Washington Class of 2016.

As Provost and Chief Academic Officer at the University, I never cease to be amazed by all that you accomplish in your short, precious time at the University. Those of you graduating today have completed the rigorous requirements of our curriculum, working closely with our distinguished faculty who have served as your teachers, advisors, and mentors. You have studied abroad, undertaken internships in Fredericksburg, Richmond, and Washington, D.C., and participated in research and creative projects with faculty and peers. You have organized and led service-learning programs, overseen and administered the University's Honor Code, and provided academic assistance to your classmates in your areas of expertise. You have proudly represented Mary Washington on athletic fields, in debate competitions, and at academic meetings and conferences. And all the while, you have formed friendships here that you will treasure for the rest of your lives.

It is a tremendous privilege to serve as Chief Academic Officer of this extraordinary academic community, and that privilege is never more apparent to me than on this special day in May, when we gather to celebrate your outstanding accomplishments.

Congratulations, Class of 2016, and best wishes as you go forth to put into action all that you have learned here on Marye's Hilltop.

Sincerely,

A handwritten signature in cursive script, reading "Jonathan Levin".

ACADEMIC CUSTOMS AND DRESS

The origins of many customs of the academic world can be traced to the Middle Ages, particularly the 11th and 12th centuries, when the first European universities – Bologna, Paris, and Oxford – were founded.

In their original organization, the universities were like medieval corporations or guilds. In fact, the word “universitas” originally referred to any kind of corporation. The students at the universities were equated to guild apprentices, so the completion of the apprenticeship was celebrated by a “commencement” marking the beginning of their careers.

In the 12th century, everyone wore gowns. The social and economic status of an individual was shown by the extra features, such as fur trimming, on the gowns. Cloaks with hoods were worn over gowns for protection in bad weather. Degrees began to be awarded in the 13th century, and different styles of gowns and different colors came to represent the various degrees and disciplines.

Over the centuries the styles of dress changed, and by the 17th century the wearing of gowns by men had virtually ceased. But the universities, particularly those in Britain, continued to be conservative and strict in the manner of academic customs and dress. At Oxford, for instance, a candidate for a master’s degree had to swear that he owned a gown and would always wear it at the proper times.

The first American universities were founded on English models. However, the wearing of academic dress was not universal and ceased during the Civil War. The custom was revived in the late 19th century, and in 1895 an academic custom code was adopted that, with modifications, is still used.

Most American universities have the standard black gown with the hood serving to distinguish the individual institution. Some American and European universities have adopted or preserved more distinctive gowns. There are three styles of gowns, distinguished mainly by the sleeves: the bachelor’s gown, with long pointed sleeves; the master’s, with a squared sleeve, cut so the forearm is free; and the doctoral gown, with bell-shaped sleeves with three velvet bands.

The hood is the most distinguishing feature of modern gowns, indicating the degree (the width of the edging band), the discipline (the color of the band), and the college or university (the colors of the lining). Today’s graduates have hoods edged in white (B.A.), gold (B.S., BLS), or drab (BPS). Many faculty members will have blue edging indicating the doctoral degree. The faculty will be wearing hoods representing many distinguished institutions of higher education, such as maroon for University of Chicago, royal blue for Georgetown University, crimson and gray for the University of Alabama, and scarlet for Rutgers University.

THE ACADEMIC MACE

The tradition of the academic mace began in the late 14th century, when two ancient instruments, the royal scepter and the battle mace, were combined to form a symbol of the authority of the president or rector of a university. Noblemen carried the battle mace as both a weapon and staff of command, and the sovereign used the regal scepter as a sign of rulership, justice, and authority.

Together with the chain of office, the academic mace indicates that the president of the university is the temporary embodiment of the power, authority, autonomy, and sovereignty vested in the institution represented.

At the University of Mary Washington, the grand marshal carries the academic mace on behalf of the president at academic events such as commencement exercises, inaugurations, and convocations.

The original University of Mary Washington mace, first used for the May 1970 Commencement, was designed by Asprey and Company of London, England. The sterling mace carried in today's commencement ceremony was commissioned as a special project of the University Centennial Celebration in 2008. It was designed by Suzannah Wagner Merritt of Ashland, Va. The mace encompasses numerous symbols of the University, including lapis stones to display the school color; blossoms of dogwood to honor the Virginia state tree; acorns and oak leaves to recall the historic tree at Brompton, home of the

UMW president; and a herringbone motif representing Campus Walk. The six prongs are engraved with the six names of the school prior to its becoming a university in 2004; the prongs are adorned with a lapis disc engraved with the University seal. The handle is emblematic of the original Mary Washington mace.

THE UNIVERSITY SEAL

In addition to a book and lamp, signifying knowledge, the University seal denotes the year the institution was founded, 1908, and the University motto, *Pro Deo Domo Patria*, translated from Latin to "For God, home, and country."

PRESIDENTIAL COLLAR

Chains of office, also known as collars, originated in the Middle Ages and are worn today by presidents on ceremonial occasions as part of their regalia. The University of Mary Washington chain is a unique design crafted from gold-plated sterling silver with lapis lazuli gem accents. Symbols important to the history of the University are incorporated in every element of the chain. A large medallion depicting the school seal is flanked by white oak leaves modeled after the stately oak tree at Brompton, home of the president. The names of the previous presidents of this institution alternate with its six historical names on links that are connected with blossoms of dogwood, the Virginia state tree. The chain was unveiled during the University of Mary Washington Commencement in 2006, and, by tradition, is presented to each new president to wear during ceremonial occasions.

THE EAGLE PIPE BAND

As has become tradition, the Eagle Pipe Band will perform at today's commencement ceremony.

The band was formed in 1997 with a small number of Mary Washington students and members of the Fredericksburg community. It has grown steadily each year, adding pipers, drummers, and dancers. The band has been a top contender in pipe band competitions across the East Coast.

The Eagle Pipe Band was founded by Raymond B. Scott, University of Mary Washington professor of chemistry, and is under his direction. The tartan worn by the musicians was designed for the University to match the school colors and is registered in Scotland's official registry of tartans.

Alma Mater

All hail, dear Alma Mater,
We sing our praise to you.
High on Marye's Hilltop
You stand forever true;
Born in truth and honor
You ever more shall be,
The model of our future years
And all eternity.

Whene'er we have to leave you
We never will forget,
The lessons you have taught us,
And all the friends we've met;
And we your sons and daughters
Will hold your name on high,
So here's to Mary Washington;
Our love will never die.
